DF Sports Arena - API Documentation

Base Information

Item	Value
Base URL	`http://localhost:5000/api`
Content-Type	`application/json`
Authentication	Bearer Token (JWT)

Authentication

Login

```
POST /api/auth/login
```

Request:

```
{
    "email": "admin@dfsportsarena.com",
    "password": "Admin@123"
}
```

Response (200):

```
{
    "success": true,
    "message": "Login successful",
    "data": {
        "user": {
            "_id": "64a1b2c3d4e5f6789012345",
            "name": "Admin User",
            "email": "admin@dfsportsarena.com",
            "role": "admin",
            "isActive": true
        },
        "token": "eyJhbGciOiJIUzI1NiIsInR5cCI6IkpXVCJ9..."
    }
}
```

Response (401):

```
{
    "success": false,
    "message": "Invalid email or password"
}
```

Register

```
POST /api/auth/register
```

Request:

```
{
    "name": "New User",
    "email": "user@example.com",
    "password": "password123",
    "phone": "+256 776 123 456"
}
```

Response (201):

```
{
    "success": true,
    "message": "Registration successful",
    "data": {
        "user": { ... },
        "token": "eyJhbGciOiJIUzI1NiIs..."
    }
}
```

Get Profile

```
GET /api/auth/profile
Authorization: Bearer <token>
```

Response (200):

```
{
    "success": true,
    "data": {
        "user": {
```

```
            "_id": "...",
            "name": "Admin User",
            "email": "admin@dfsportsarena.com",
            "role": "admin"
        }
    }
}
```

Bookings

Public Endpoints

Submit Booking

```
POST /api/bookings
```

Request:

```
{
    "customerName": "John Doe",
    "customerPhone": "+256 776 123 456",
    "customerEmail": "john@example.com",
    "bookingType": "match",
    "preferredDate": "2026-04-15",
    "preferredTime": "3:00 PM",
    "duration": 2,
    "numberOfPlayers": 22,
    "teamName": "My Team",
    "opponentTeam": "Opponent FC",
    "notes": "Need changing rooms"
}
```

Validation Rules:

Field	Rules
customerName	Required, max 100 chars
customerPhone	Required
customerEmail	Valid email format
bookingType	Required: hourly, match, tournament
preferredDate	Required, future dates only
preferredTime	Required

Field	Rules
duration	Required, min 1
numberOfPlayers	Required, min 1
notes	Max 500 chars

Response (201):

```
{
    "success": true,
    "message": "Booking submitted successfully. We will contact you shortly.",
    "data": {
        "booking": {
            "_id": "64a1b2c3d4e5f6789012345",
            "customerName": "John Doe",
            "status": "pending",
            "createdAt": "2026-04-01T12:00:00.000Z"
        }
    }
}
```

Check Availability

```
GET /api/bookings/availability?date=2026-04-15
```

Response (200):

```
{
    "success": true,
    "data": {
        "date": "2026-04-15",
        "bookedSlots": [
            { "startTime": "10:00 AM", "duration": 2 },
            { "startTime": "3:00 PM", "duration": 3 }
        ],
        "isAvailable": false
    }
}
```

Get Public Booking Info

```
GET /api/bookings/public
```

Response (200):

```
{
    "success": true,
    "data": {
        "pricing": [
            {
                "_id": "...",
                "type": "hourly",
                "name": "Hourly Booking",
                "price": 50000,
                "currency": "UGX"
            }
        ],
        "settings": {
            "operatingHours": {
                "open": "06:00",
                "close": "22:00"
            },
            "advanceBookingDays": 30,
            "whatsapp": "256776057501",
            "phone": "+256 776 057 501"
        }
    }
}
```

Protected Endpoints (Admin)

List All Bookings

```
GET /api/bookings?page=1&limit=10&status=pending
Authorization: Bearer <token>
```

Query Parameters:

Param	Type	Description
page	int	Page number (default: 1)
limit	int	Items per page (default: 10, max: 100)
status	string	Filter by status
bookingType	string	Filter by type
startDate	date	Filter start date

Param	Type	Description
endDate	date	Filter end date

Response (200):

```
{
    "success": true,
    "data": {
        "bookings": [...],
        "pagination": {
            "page": 1,
            "limit": 10,
            "total": 45,
            "pages": 5
        }
    }
}
```

Get Single Booking

```
GET /api/bookings/:id
Authorization: Bearer <token>
```

Update Booking

```
PUT /api/bookings/:id
Authorization: Bearer <token>
```

Request:

```
{
    "status": "confirmed",
    "totalPrice": 150000,
    "adminNotes": "Booking confirmed via phone call"
}
```

Allowed Status Values: `pending`, `confirmed`, `cancelled`, `completed`

Cancel Booking

```
POST /api/bookings/:id/cancel
Authorization: Bearer <token>
```

Request:

```
{
    "cancellationReason": "Customer requested cancellation"
}
```

Delete Booking

```
DELETE /api/bookings/:id
Authorization: Bearer <token>
```

Get Booking Stats

```
GET /api/bookings/stats
Authorization: Bearer <token>
```

Matches

Public Endpoints

List Matches

```
GET /api/matches?upcoming=true&limit=10
```

Query Parameters:

Param	Type	Description
upcoming	boolean	Show only upcoming matches
status	string	Filter by status
tournament	string	Filter by tournament name
page	int	Page number

Param	Type	Description
limit	int	Items per page

Response (200):

```
{
    "success": true,
    "data": {
        "matches": [
            {
                "_id": "...",
                "teamA": "DF Arena FC",
                "teamB": "Moyo United",
                "date": "2026-04-05T00:00:00.000Z",
                "time": "3:00 PM",
                "tournament": "Adjumani District League",
                "status": "upcoming"
            }
        ],
        "pagination": {
            "page": 1,
            "limit": 10,
            "total": 4,
            "pages": 1
        }
    }
}
```

Get Upcoming Matches

```
GET /api/matches/upcoming?limit=4
```

Protected Endpoints (Admin)

Create Match

```
POST /api/matches
Authorization: Bearer <token>
```

Request:

```
{
    "teamA": "DF Arena FC",
    "teamB": "New Opponent FC",
    "date": "2026-05-01",
    "time": "4:00 PM",
    "tournament": "Friendly Match",
    "venue": "DF Sports Arena",
    "isHomeMatch": true
}
```

Update Match

```
PUT /api/matches/:id
Authorization: Bearer <token>
```

Request:

```
{
    "status": "live",
    "scoreA": 2,
    "scoreB": 1
}
```

Allowed Status: `upcoming`, `live`, `completed`, `cancelled`

Delete Match

```
DELETE /api/matches/:id
Authorization: Bearer <token>
```

Flyers

List Flyers

```
GET /api/flyers?limit=10
```

Response (200):

```
{
    "success": true,
    "data": {
        "flyers": [
            {
                "_id": "...",
                "title": "DF Cup Grand Final",
                "imageUrl": "https://...",
                "date": "2026-04-15T00:00:00.000Z",
                "time": "3:00 PM",
                "description": "...",
                "isActive": true
            }
        ],
        "pagination": { ... }
    }
}
```

Protected Endpoints (Admin)

Create Flyer

```
POST /api/flyers
Authorization: Bearer <token>
Content-Type: multipart/form-data
```

Form Data:

Field	Type	Required
title	text	Yes
image	file	No
imageUrl	text	No
date	date	Yes
time	text	Yes
description	text	No

Update Flyer

```
PUT /api/flyers/:id
Authorization: Bearer <token>
```

Delete Flyer

```
DELETE /api/flyers/:id
Authorization: Bearer <token>
```

Gallery

List Gallery

```
GET /api/gallery?limit=20&category=matches
```

Categories: `matches`, `training`, `events`, `facilities`, `general`

Protected Endpoints (Admin)

Upload Image

```
POST /api/gallery
Authorization: Bearer <token>
Content-Type: multipart/form-data
```

Form Data:

Field	Type	Required
image	file	Yes
altText	text	Yes
category	select	No

Delete Image

```
DELETE /api/gallery/:id
Authorization: Bearer <token>
```

Pricing

Get Pricing

```
GET /api/pricing
```

Response (200):

```
{
    "success": true,
    "data": {
        "pricing": [
            {
                "_id": "...",
                "type": "hourly",
                "name": "Hourly Booking",
                "price": 50000,

Error Codes

Code	Message	Description
400	Validation failed	Input validation error
400	Email already registered	Duplicate email
400	Booking type is required	Missing booking type
401	Not authorized	No token provided
401	Token invalid	Invalid JWT token
401	Token expired	JWT token expired

Code	Message	Description
403	Access denied	Admin privileges required
404	Booking not found	Booking ID doesn't exist
404	Match not found	Match ID doesn't exist
429	Too many requests	Rate limit exceeded
500	Internal Server Error	Server error

Rate Limits

Endpoint Type	Limit
Public routes	100 requests / 15 minutes
Auth routes	10 requests / 15 minutes
Booking creation	5 requests / hour
File uploads	20 requests / hour

Example cURL Requests

Login

```
curl -X POST http://localhost:5000/api/auth/login \
  -H "Content-Type: application/json" \
  -d '{"email":"admin@dfsportsarena.com","password":"Admin@123"}'
```

Get Matches

```
curl http://localhost:5000/api/matches?upcoming=true
```

Submit Booking

```
curl -X POST http://localhost:5000/api/bookings \
  -H "Content-Type: application/json" \
  -d '{
    "customerName":"John Doe",
    "customerPhone":"+256 776 123 456",
    "bookingType":"match",
    "preferredDate":"2026-04-20",
    "preferredTime":"3:00 PM",
    "duration":2,
```

```
    "numberOfPlayers":22
  }'
```

Create Match (Admin)

```
curl -X POST http://localhost:5000/api/matches \
  -H "Content-Type: application/json" \
  -H "Authorization: Bearer YOUR_TOKEN_HERE" \
  -d '{
    "teamA":"DF Arena FC",
    "teamB":"Opponent FC",
    "date":"2026-05-01",
    "time":"4:00 PM",
    "tournament":"Friendly Match"
  }'
```
